We understand how important it is for every bride to look and feel fabulous on her wedding day, which is why we have created Kent Bride - a specialist team of experts who, for over 20 years, have been helping brides (and grooms) create their perfect look, from head to toe, in the most stunning venues throughout Kent, London, Surrey, Sussex and overseas.

Kent Bride

The style team to trust for fabulous bridal hair and makeup!

We are the first choice for many Kent brides. We regularly travel to venues across the county, further afield and overseas if required. We also have an extensive network of wedding professionals that we are happy to recommend to you, from florists to photographers.

Let us help you plan your big day!

At Kent Bride, we are passionate about making brides feel their absolute best on their special day and ensuring that the pre-wedding hair and beauty preparation – from initial consultation to the morning of the wedding – is a fun, happy and stress-free experience for the whole bridal party.

We understand that every bride is unique and has their own needs and requirements. The Kent Bride team will not only ensure that your hair, make up and nails look utterly fabulous – as well as those of your entire bridal party as required – but also that the preparation all goes smoothly; this includes keeping timings on track and working with your photographer and videographer to capture the very best images of the preparations.

She takes pride in making every one of her brides feel incredible on their special day, whilst organising every aspect of hair and make up to perfection, allowing plenty of time for the whole bridal party to look and feel their very best.

Meet Charlotte – Head of Bridal Makeup

Having worked for some years as a professional model in London, she has learnt from the very best hair and makeup professionals, gleaning many useful tips and tricks used in the fashion industry for the benefit of her clients. Charlotte understands that choosing a wedding look can be quite daunting, but she is adept at combining her own knowledge and experience with a bride's own personal style to get the right final look, using the very best products to ensure a flawless, lasting finish.

Your journey with Kent Bride

Your journey with us will start with an initial consultation and end with us touching up your makeup and hair moments before you get married...

The initial consultation – for bridal hair, makeup, nails and more...

The Kent Bride service includes a detailed consultation with you and your bridal party, where our team of experienced hairstylists, Redken colour specialists, nail technicians and make-up artists will take time to understand the look you want to achieve within your budget and talk through the various options, plan the timings on the day, book your trial and discuss any additional services you may need.

With the use of high-quality professional products such as Redken, Great Lengths hair extensions, Morgan Taylor and Artistic Nail Design gels and polishes, we can create the perfect desired look with a high-end finish for your wedding day.

During your initial consultation we can discuss some or all of the following:

Bridal hair

Our experienced team are highly skilled in creating a wedding hair look that suits your style and taste, from romantic updos to beautiful hair colour and high-quality hair extensions.

Wedding makeup

Whether you are looking for a natural, (tear-proof!) look or want to create a more striking pose, our bridal make up will help you achieve your perfect wedding photo finish.

Wedding nails

We have an extensive range of high-quality nail gels and polishes designed to complement your look from beautiful bride to newlywed on honeymoon.

And much more...

We also offer additional wedding services including tanning, hair conditioning treatments or special colours and treatments such as balayage, hair extensions and more.

We listen to our brides to ensure we fully appreciate the look they want to achieve on the day. This is one of the most exciting and fun parts of planning a wedding and we love a Pinterest board! We want to see the dress, shoes and any head dress such as a veil or flowers.

We want to understand the dynamics of your bridal party – for example, we need to determine whether you have two or ten bridesmaids; whether you will be having young flower girls and page boys; and whether the grooms, mums and dads will also be having their hair done professionally.

We will make certain it is all covered in this initial meeting. If you are not yet sure of the style that will work best with your dress, then we will be happy to talk you through our ideas which will depend on a number of factors and take into consideration the time of year, location, style of dress, how and when you feel most confident, and so on!

This is one of the most exciting and fun parts of planning a wedding

As the big day approaches...

Your trial

We recommend having at least one bridal hair trial before your special day, to help you feel most confident about your style.

Technical services such as colouring or hair extensions should be carried out two weeks before your big day. Your hair condition is very important so we do recommend a personal prescriptive treatment in our VIP relaxation room – not only will this make your hair healthy, full of volume and shine but it's the perfect opportunity to relax during the busy build up to your wedding!

The day itself

Whether you would like our team to visit you at home or at your wedding venue on the morning of your wedding, or you prefer to escape to our salon – near Ashford – we will tailor our service to your wishes.

We can be by your side right up until you are ready to head to the ceremony venue so we can check that every detail is perfect as you step out (and we can also stay on later if you are planning an outfit change!)

Our pricing

Our pricing is bespoke and we will tailor our package to you. For guide prices a trial and hair on the day for a bride in the salon or in a venue 10 miles from the salon is £180.

We very much hope that we can provide you with the bridal hair and makeup that you deserve on your special day.

Please contact us via telephone or email to arrange an initial consultation with one of our bridal specialists.

A fantastic caring, kind and intuitive team. So experienced, calm, patient and professional. We had so many laughs along the way and I was so happy with my look on the day.

Above all, it wasn't just about getting the hair right but making sure I was alright - Sue and her team genuinely care."

Sue and the team made my wedding day flow so easily and helped me relax in the run up to my wedding. Charlotte listened to how I wanted my makeup to look and checked I was happy with everything bit by bit. They were amazing."

Harrisons offer a fantastic service. We have used them for my wedding day and other special events. They go out of their way to meet your needs and deliver a relaxing, exceptional and also really fun experience. We are converted and would not use any other salon."

The team were just brilliant, they kept us all on track with time so we could just enjoy the preparations. I was getting very nervous, but they were so calm and helped me to relax. All the hair and makeup was stunning."
